

## InDesign CS4 Digital Classroom, (Book and Video Training)

InDesign CS4 Digital Classroom is like having a personal instructor guiding readers through each lesson, while they work at their own pace. This book includes 12 self-paced lessons that let readers discover essential skills and explore new features and capabilities of Adobe InDesign CS4. Every lesson is presented in full color with step-by-step instructions. Learning is reinforced with video tutorials and lesson files that were developed by the same team of Adobe Certified Instructors and Flash experts who have created many of the official training titles for Adobe Systems. Each video tutorial is approximately five minutes long and demonstrates and explains the concepts and features covered in the lesson. This training package shows how to design, produce and develop a streamlined workflow for page layout. Jam-packed with information, this book and DVD takes users from the basics through intermediate level topics and helps readers find the information they need in a clear, approachable manner. \*\*\*\* InDesign CS4 Digital Classroom contains a DVD with both lesson files and video tutorials. The authors are constantly working to improve the lesson files so that you have the greatest experience with the Digital Classroom books, lesson files, and video tutorials. The most recent lesson files for the book are available at the Digital Classroom Books web site at: [http://www.digitalclassroombooks.com/idcs4\\_update.zip](http://www.digitalclassroombooks.com/idcs4_update.zip) Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
