

The Dragons Knight Errant (Gay Dragon Erotica)

Liam is the worst squire the king's army has ever seen. His five older brothers are heroes, blooded knights, while Liam daydreams during training and can't seem to summon the appropriate enthusiasm for blood and battle. But one day, his village is overrun by vicious goblins and the dragon they're trying to capture. Sucked into the battle, Liam is injured by a goblin, humiliated in front of the young man he lusts after, and then abducted by the dragon. Expecting the dragon to rend and murder him, Liam is shocked when he realizes that the dragon didn't carry him off to devour him, but to ravish him!
