

The Highland Countess (Royal)

An innocent beauty takes society by storm and a worldly lord by surprise. Morag Fleming, the Countess of Murr, had been bride to the most lecherous lord in Scotland yet this ravishingly lovely girl had never been touched. Needless to say, she had never borne a child; yet as a young widow she came to London with a fine son in tow. Her background had left her ignorant of the follies and fopperies of fashion, but soon all of society was at her feet. Most incredible of all, she knew so little about the ways and wiles of love yet set her heart upon none other than the devastatingly handsome, charming, and wealthy Lord Toby Freemantle, who could have any woman he chose and clearly chose not to have her.
