

HAVEN HOUSE SANATORIUM: Victorian Submission

Doctor Frank Grant heads up the newly constructed sanatorium, and he has a number of wealthy patrons. Like the grandfather who wants nothing but the best for his somewhat slow granddaughter, likely to cause embarrassment unless confined, or Lord Beech's ward, who didn't take sufficient precautions and is now with child; his child, Mr Jeffries who has a blackmailer he would prefer was not around, and Sir John Bank whose new wife is demanding control of her fortune. There's a way to handle all their problems, and the sanatorium is the key. This 19,000 word story includes age-play, sex, pregnancy, sexual experimentation, restraint, spanking and harsh thrashing. Please do not read if offended by any of these acts, however fictional their setting.
