

## 90s Babies:Poetry from a Teenager

Teenagers what else is there to say. A collection of poetry from a teenager about life experiences of love, hate, and acts of kindness. This book of poetry is to share with other teenagers that may not be able to express themselves. I wrote these poems at 16. I am making this book available with other teens in mind and want to share my feelings of being a teenager, the highs and lows of discovering what life and relationships have to offer.
