McCaulays CFA Level I Practice Exams are published in a five volume set, with each volume containing eight 120-question exams, for a total of 960 questions. The entire five volume set has forty exams and a total of 4,800 questions. Each exam has an answer key followed by the exam with the answers shown, including the formulas used to derive the numeric answers. The question formats and topic weights are similar to the actual CFA Level I exam. The questions were transformed from the study material in the CFA Institute Program Curriculum available from the CFA Institute. The practice exams are designed to complement the CFA Program curriculum and to facilitate the learning process, not to be used as a substitute for study of the prescribed curriculum.
