

## Miya Black, Pirate Princess V: Every Glorious Tomorrow

Home is more than just a place. Half a year ago Princess Miya Black was forced away from her kingdom. Since then she's endured indignity, pain, and enough suffering to last a lifetime. Now, finally, it seems that her long journey might be at an end. There's a shipful of mercenaries and a worldful of machinations between Miya and her island, but now that she's this close she isn't going to let anything stand in her way--but what's waiting for her on Clover Island isn't anything she came near to expecting. Elsewhere in the world history marches on, allegedly unstoppable. Spireas war edges closer to the south with every passing day. As Al-Rhal falls Amicia sharpens its swords, while the ancient nation of Jade shrinks ever-deeper into isolation. Algernon attempts to unite itself in preparation for the increasingly inevitable, while the Highland struggles to find any kind of concordance between its dozens of fractured kingdoms. But from chaos and desperation an idea is born ..... an idea that could change the world ...Every Glorious Tomorrow is the fifth volume in the Miya Black, Pirate Princess series.
