

## Sanctuary

Left Behind for the Hunger Games Generation In a heart-racing thriller described as Falling Skies meets The Walking Dead, Jennie struggles to find a safe place for what s left of her family. But it seems as though there is no place sacred, no place secure. First the aliens attacked the sun, making it dimmer, weaker, and half what it used to be. Then they attacked the water supply, killing one-third of Earth s population with a bitter contaminate. And when they unleash a new terror on humankind, the victims will wish for death, but will not find it... When the world shatters to pieces around her, will Jennie find the strength she needs to keep going?
