

Worlds Without End: The Mission (Book 1)

Editorial Review: The characters are exciting, and full of color and the story consumes your soul and imagination.

-Bookreview buzSynopsis: The discovery of a new world may be the very thing that threatens the freedom of the human race and changes the destiny of mankind forever. Twenty-three years after the disappearance of the Mars I space shuttle, NASA receives a mysterious transmission from Adrian Palmer, the commander of the mission. Adrian's brother, Kevin, wastes no time funding the Mars II rescue mission, commanded by Jake Palmer, Adrian's son. Jake and Dr. Steven Skip Hendricks, a NASA physicist, travel through a wormhole that Skip believes was the reason the Mars I crew disappeared. They eventually crash-land on the planet Terrest and are thrust into a dangerous conflict. The native Terrestrians are at war against a super-race of humans called the Gnols, led by Koroan Chast. The Terrestrians struggle is futile because of the godlike abilities of the Gnols. Now, the only hope mankind has may rest on a 2000-year-old prophecy discovered in an ancient temple on Terrest. But before the prophecy can come to pass, Adrian and Jake must first stop the Gnols from attacking Earth and enslaving the human race.

Worlds Without End Series ... The saga of the chosen one. A story that stretches across the galaxy in search of the key that will unleash mankind's destiny or total annihilation.

Book 1: The Mission
Book 2: Aftermath
Book 3: The Prophecy
Book 4: Redemption (TBD)
