This woman clearly had a fondness for sucking cock, and Worth was more than willing to have her suck his. It sprang from the opening in his jeans with a ridiculous display of eagerness. With her hands on his thighs, he felt her chuckle. His humiliation shot to the back of his mind when her tongue hit the tip of his cock. Tasting his pre-cum, she seemed to approve. Rubbing her cheeks around his cock to cover herself in his scent, she finally opened her mouth and took his head into her. The warmth of her mouth stuck Worth, making his knees weak with the sensation. Her tongue travelled around his cock, wetting him, preparing him for her tasting. With relief, Worth gasped when she took his shaft into her mouth. Astonishingly, she didn't stop when her mouth was full. Worth felt the head of his cock slide down her throat. Her hand slid under his cock, separating it from his balls, she cupped them with gentle pressure. Kneading them like they were a pair of exercise balls she increased the firmness of her hands until he was near pain. Worth's first thought was to complain at the tightness, but her mouth had him entranced. Her head moved back and forth over his cock, shoving him deeper and deeper down her throat. It was a loose,

gentle pressure which only seemed to sensitize his prick. He wouldn't last much longer, not from the impending orgasm, but from sheer sensitivity. His body quivered as she locked her jaws and sucked. Her lungs must be something like a marathon swimmer, he thought as she clamped down on his cock. The pressure was incredible; nothing like what he could do for himself. It was a complete surrounding of everything he had. A total hold on his manhood that held him tightly, yet softly into the vacuum of her mouth. Worth's hands grabbed the brick wall behind him in terror.
